

cactus club cafe

our story

In 1986, Richard Jaffray opened his first restaurant, Café Cucamongas, selling sandwiches and ice cream. In 1988, at the age of 23, he opened the first Cactus Club Cafe in North Vancouver, BC. The goal was to offer a fun, upscale restaurant where you would be welcomed with great food and friendly service in an unpretentious atmosphere. This philosophy remains strong at all of our 19 Cactus locations across western Canada.

our food

We believe that food is what gives a restaurant staying power. We travel the world to bring you an innovative and globally inspired menu. By pairing unmatched quality with addictive flavours, our goal is to offer tastes for every lifestyle.

All of our fish selections are guaranteed ocean-friendly and ecologically sustainable by OceanWise and the Vancouver Aquarium. We are the largest restaurant group in North America to be recognized by the OceanWise program.

our people

From day one, our people have been our competitive advantage. We are proud to employ the best of the best, and truly believe that our continued success can be attributed, above all else, to our passionate and entrepreneurial team.

Cactus has been voted one of the Top 25 Employers in BC by BCBusiness Magazine four years in a row, ranking Top 10 in 2007. We are honoured to have been recognized as one of Canada's 50 Best Managed Companies 2007 by Deloitte and the National Post.

our communities

Our philosophy is simple: we strive to be a strong and supportive neighbor in every community in which we do business. No matter how large we grow, we will stay true to our roots and remain connected to our communities and those around us.

our planet

Cactus Club Cafe is committed to leading our industry toward environmentally conscious practices and making a difference in our communities. In addition to supporting sustainable fishing and farming practices, we are a founding member of the Green Table Network for environmental stewardship in the foodservice industry.
